Hey everyone! So I picked up my 2011 S4 a few weeks ago, with 97k miles on it, and no maintenance records. I decided that before I drive it too much, I'd do some of the major maintenance that I have no way of knowing if it's already been done. It's common knowledge that the DSG service interval for fluid and filter change is every 35-40 thousand miles.

B8 S4 Complete DSG Maintenance Service & Sport ...

The lighting system of a motor vehicle consists of lighting and signalling devices mounted or integrated to the front, rear, sides, and in some cases the top of a motor vehicle. This lights the roadway for the driver and increases the visibility of the vehicle, allowing other drivers and pedestrians to see a vehicle's presence, position, size, direction of travel, and the driver's intentions ...

I had a question, im doing the engine swap as well. im putting a 2008 fusion engine 2.3 into my 2005 mazda 6. I know i have to change the intake cam, but i noticed that the intake cam sprockets are different as well. the fusion one has the teeth a little more spread apart than the mazda one. do i put the fusion intake cam sprocket on the mazda shaft, or do i leave it how it is and put the mazda ...
