As if it's not enough to deal with wrinkles, dark spots are another factor of aging that can make us look older than our years. They often make a complexion look dull and mottled, robbing it of its radiance. *The Cause of Dark Spots* The main culprit in the battle against dark spots is tyrosinase, ... Alex June 26, 2011. With the monster game, I think it stops at the yellow zone for the first two, and at the red for the final person. There are three walls, the first two have a single puzzle, the final wall has three to do with completely different tiles each time, and a really nifty conveyor wall segment thing that disposes old tiles delivers the new ones.
