The BBD was a two-barrel carburetor manufactured by Carter during the 1960s and 1970s. The BBD was produced exclusively for Chrysler, Plymouth and Dodge vehicles. As with all carburetors, the BBD requires periodic adjustments. The idle mixture screws determine the amount of air and fuel

distributed by the carburetor. ...

### **VINTAGE SPEED - 60's Style Hot Rod fuel systems**

A carburetor (American English) or carburettor (British English) is a device that mixes air and fuel for internal combustion engines in the proper air-fuel ratio for combustion. It is sometimes colloquially shortened to carb in the UK and North America or carby in Australia. To carburate or carburet (and thus carburation or carburetion, respectively) means to mix the air and fuel or to equip ...
