Teaching reading well is far more complicated than it might seem to a casual observer. Reading is a skill that can be developed by some learners regardless of the quality of instruction they receive, and an able and well-prepared child can make the experience of learning to read look fairly effortless.

Making inferences is a skill with which students often need much practice. If you've looked for resources in the same places that I have, you probably haven't been too happy with what you found. I believe that the inference worksheets that I've created are of a higher quality than the other available resources and, as usual, I'm giving them away for free.

Personal questions can also encourage people to be more thoughtful in their engagement with particular objects. In 2007, Exploratorium researcher Joyce Ma published a brief formative study on Daisy, an artificially intelligent computer program that engages visitors in text-based conversation. Daisy is a "chatbot" with some pre-programmed questions in her repertoire, and Ma was studying the ...

What does the word "apologetics" mean? The word "apologetics". is derived from the ancient Greek word apologia, which means, an apology.. Not an apology in the modern sense of the word - which is to say you're sorry for something. But rather, an apology in the ancient sense of the word - which is to make a reasoned defense of something or someone.

Preface to the Home Education Series. The educational outlook is rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and ...

6. Learning to Classify Text. Detecting patterns is a central part of Natural Language Processing. Words ending in -ed tend to be past tense verbs (Frequent use of will is indicative of news text ()). These observable patterns — word structure and word frequency — happen to correlate with particular aspects of meaning, such as tense and topic.
