### **Telford Electronics - Manuals F**

This is probably the single most common problem with older Fluke DMMs such as the 83, 85, 87, and 88 models. Referred to as "faded digits", "faded segments" or "fading display", it happens when the connections between the printed circuit board and the glass display panel become contaminated enough that the liquid crystal display (LCD) does not receive enough charge to flip all it ...

### **Telford Electronics - Manuals**

Updated: 1/18. This page is intended to be a reference list of basic specifications for electronic test equipment, especially obsolete models. I have been collecting this information for about 25 years, starting with a well thumbed Tucker Electronics catalog, and then adding listings from other catalogs, other web sites, and of course eBay listings. I am not a test equipment dealer and in ...
