I've had zero trouble with the mower. The owners manual does specify hitting the grease points every couple hours of use which is easy to do. I may let it go a little longer than 2 hrs since I don't ever run the machine at rated 540 RPM. Below is a link to the Gaspardo Sickle Bar Owners Manual which may answer some more of your questions.

I bought a Maschio Gaspardo sickle bar mower new on a pallette. I am trying to assemble it. Page 40, step 7a, of the manual shows the sickle bar disassembled with the blades and blade guide removed. An inset picture shows the bar guide being slid out from the side. The blade bar comes out, but the guide bar does not. I cannot get this to work.
