A van is a type of road vehicle used for transporting goods or people. Depending on the type of van it can be bigger or smaller than a truck and SUV, and bigger than a common car. There is some varying in the scope of the word across the different English-speaking countries.

Van - Wikipedia

The Mitsubishi Delica is a range of cabover vans and pickup trucks designed and built by the Japanese automaker Mitsubishi since 1968. It was originally based on a cabover van and pickup truck introduced the previous year, also called the Delica, its name a contraction of the English language phrase Delivery car. This pickup truck, and a commercial van derived from it has received many names ...

documented EVERYTHING from our DIY campervan conversion process: how to's, products and material, tools, lessons learned, etc.

Van Conversion Build Journal: How To Build a Campervan for ...

If you have the chance to set up a proper camp, a van is a great base of operations and gives you a platform to “spread out” from. If you have to keep a low profile, a van is still pretty obvious, but with the right looking one, you could probably make a decent effort at passing as a common work vehicle.

Road Nomads: How to Live in Your Vehicle and Survive
