### **God Created The Integers Stephen**

God Created the Integers: The Mathematical Breakthroughs That Changed History is an anthology, edited by Stephen Hawking, of "excerpts from thirty-one of the most important works in the history of mathematics.". The title of the book is a reference to a quotation attributed to mathematician Leopold Kronecker, who once wrote that "God made the integers; all else is the work of man."

4. Stephen Hawking on God. The quote above sort of encapsulates Stephen Hawking's stance on God and religion. Hawking's philosophical endeavors in his youth led him to discuss many theories about religion and God throughout his life. He is not religious in the ordinary sense of the word—he doesn't believe that there was a God who created the universe; he doesn't believe in any sort of ...
