Make sure you're using the correct starting procedure. For example, the procedure for starting a Homelite UT80432, which uses a Honda GVC190 engine, is to turn the fuel valve on and pull out the choke before pulling the starting rope. Once the engine is running, you must push the choke back in or the engine will sputter and die.

The Honda Gold Wing is a series of touring motorcycles manufactured by Honda. Gold Wings feature shaft drive, and a flat engine. Introduced at the Cologne Motorcycle Show in October 1974, the Gold Wing went on to become a popular model in North America, Western Europe and Australia, as well as Japan.

Honda Gold Wing - Wikipedia

Hi Guys, don't understand what peoples problem is, after reading your reports and suggestions, you obviously are a company with scruples. Anyway, I was considering the single carb option on my 1975 GL1000 as after having my carbs rebuilt the offside front one still cuts out, it seems from lack of fuel supply, I will keep going after your comments and hopefully sort it out.

Single Carb Conversions? | Randakk's Blog

Engine Disassembly: One of the most fascinating parts of an engine rebuild is the teardown. During an engine teardown, you can learn a great deal about how the engine ran, how it was treated, and how its many
