Rated 4 out of 5 by Trep from Just as good as Q7FN Bought this on the weekend when I was choosing between this and the Q7FN. It's tech specs are basically the same, but this one suits the budget much more. It's great for Xbox One X gaming. Minimal calibration required, although you need to make sure you're using a HDMI 2.0 cable to get the Variable Refresh Rate (Freesync) activated.

The Camera . Which brings me to the Leica CL. The new camera has clearly been designed as a smaller sibling of the SL and the M10. It has characteristics of both, together with some interesting developments in terms of function keys and configurability.

### **Leica CL - Slack**

The D750 is Nikon's third full-frame DSLR this year, and for a lot of our readers, it might be the most significant. Sitting between the more affordable D610 and the pro-grade, high-resolution D810, the D750 borrows elements from both cameras. Impressively though - with the exception of its 24 megapixel sensor - the D750's build quality, ergonomics and feature set have much more in common with ...
