A step by step guide to get any MP4 files played on DVD player from USB port will be offered in the following article.

### **Play MP4 on DVD Player from USB Port - Pavtube**

A portable media player (PMP) or digital audio player (DAP) is a portable consumer electronics device capable of storing and playing digital media such as audio, images, and video files. The data is typically stored on a CD, DVD, BD, flash memory, microdrive, or hard drive. Most portable media players are equipped with a 3.5 mm headphone jack, which users can plug headphones into, or connect to ...

Inserting a USB flash drive into your Vizio TV's USB input will initiate the option of playback. Once you've worked the right magic to have your USB device and files detected, your photos, music, and video content is then organized into sections, and displayed in a plain but useable string of thumbnails across the screen.
