Essentially, Predator 2000 is a cheaper alternative to Honda eu2000i and Yamaha EF2000iSv2. All 3 models feature the same power ratings. Yamaha is powered by 79-cc motor just like Predator, while Honda boasts a larger 98.5 cc engine.. The portable generator is built very sturdily and is housed in a high-impact protective casing.

Predator 2000-Watt Generator Review - Above Spec

Alien vs Predator is a first-person shooter video game developed by Rebellion Developments and published by Atari Corporation for the Atari Jaguar on October 21, 1994 and later in Japan by Mumin Corporation on December 8 of the same year, where it became a pack-in game when the console was launched in the region. It is the first game in the Alien vs. Predator franchise to be developed by ...

Predator 4000-Watt Generator Review - Above Spec

This would make a great cheap golf cart build project to teach the kids a thing or two. If you could find a free or very cheap golf cart with a blown motor as your base it would be great. A new Predator 6.5hp motor can be had for around \$130 and under \$100 for the extra parts to install, convert and mount the new engine in the golf cart.
