Hi Richard-Thanks for letting me know! It looks like the Qualcast site was hosted by Homebase and is currently down for some reason. I've found alternate links for a couple of those manuals listed here and updated those links, and I'll update more of them as I come across other sources for the manuals.

getting it to work. The manual he has keeps referring to the engine manual but he doesn't have an engine manual. We've searched the Qualcast site but they only show the manuals he already has. Possibly because Qualcast don't make the motor. They possibly fitted something from the Briggs and Stratton range of small motors for lawn
