### **Reset Service Engine Soon**

I have a 2006 BMW 325i. I have had a recent Oil change, new tires put on, all maintenance up to date. My elderly father drove it to put the tires on it and gas it up and shortly after the "Service Engine Soon" light popped on. I hate our BMW Dealership here, is there a simple method to reset this light that will not erase any radio codes, etc...

### **Why does the Check Engine light come on? - Samarins.com**

A malfunction indicator lamp (MIL), or check engine light, is a tell-tale that a computerized engine-management system uses to indicate a malfunction. Found on the instrument panel of most automobiles, it usually bears the legend check engine, service engine soon, or a pictogram of an engine - and when illuminated it is typically either an amber or red color.
