The Intelligent Plant By Michael Pollan The New Yorker, December 23, 2013. In 1973, a book claiming that plants were sentient beings that feel emotions, prefer classical music to rock and roll, and can respond to the unspoken thoughts of humans hundreds of miles away landed on the New York Times best-seller list for nonfiction. "The Secret Life of Plants," by Peter Tompkins and Christopher ...

The Intelligent Plant « Michael Pollan

This November, Californians will vote on an initiative that would require any food containing ingredients derived from genetically modified crops to be labeled as such.. Backers of the "California Right To Know Genetically Engineered Food Act" are pitching it as a matter of providing information to consumers, who, they argue, "have a right to know what's in the food we buy and eat and ...

The anti-GMO campaign's dangerous war on science

This post was triggered by someone reaching here with the search "What is inside peach seeds that's poison". I almost decided to laugh about it like on all other silly search phrases leading here, but then figured I should at least check if maybe it's not silly.. And it turns out that peach seeds

actually contain Cyanide, in the form of Amygdalin.

How poisonous are peach seeds? -- [Ordinary Nothing]
