Length. If you're a shorter person, then a long leash probably isn't the best decision because it will drag on the ground and leave a lot of slack for your dog to get ahead of you.. If you're tall, it's probably not best to get a short leash because you can pull up every time you and your dog are on a different cadence.

By Emily Larlham (Note: This article is a work in progress- the more I research, the more I will add to this work.) People who live with dogs for companionship and friendship all want what is physically and psychologically best for their dog. We get dogs as companions in order to experience friendship, trust and to take care of another living creature that depends on us for their wellbeing.
