He sounds just like he's done with wrestling as a whole. I don't blame him. He put a lot of strain on his body in the indies, accomplished more than anyone ever thought he would, and Renee has been talking about starting a family soon, her family putting pressure on them to start a family, and her wondering if now is the right time on her podcast.

BMI (body mass index) is a key indicator of overall health. Guidelines recommend that all adults maintain a BMI between 18 and 25; BMI over 25 indicates overweight, while one over 30 indicates obesity. However, it is possible that a few extra pounds may not be as harmful to those over age 65 as they are for younger people, and that being underweight is more of a concern for older individuals.
